SIMATS ENGINEERING

Dear Parent,

General comments:

This week mentor meeting held on 27.09.2024, Friday between 9.30 AM to 11.00 AM at E2, Fourth Floor, Circular Block, SSE. In mentor meeting the following instructions are given to students: to register online certificate courses, to come college with proper dress code, to present their papers in national/international conferences, to attend symposiums & workshops in other colleges, to maintain attendance above 80% and to follow college rules & regulations.

About your son:

Your son, Mr. GRACIAN BOAZ K, not attended all classes from 20.09.2024 to 26.09.2024. His weekly test performances are all good. Advise him to attend all classes and mentor-mentee meetings regularly without taking any unnecessary leaves and to concentrate more on his studies. If his attendance percentage is less than 80%, then he will be unable to write the university exams. He is interested in securing the best placement and pursuing higher studies as well. If he improves his coding and programming knowledge, then he will achieve better placement opportunities and excel in his higher studies and future. He is performing as a good student in class. Keep encouraging, supporting, and motivating him to achieve great things in his life.

Thank you

Ms. R SUVETHA-9566419862

MENTEE RESPONSE

I will attend the classes here from regularly, will not take any unnecessary leave and I will try cover the missed syllabus.

PARENT'S RESPONSE

Hope he will not take any more leave and perform good in his studies.
